

# Brand

by David Ackley

In the mirror this morning  
inventory for a quick fire sale.  
whole me drugging the market  
all my clients o-de'd

time to markdown  
disposables;  
numb finger or two  
toes who needs them  
one eye would do  
this and that could go  
*meme les sans geuele ont survi*

my brand is toxic  
my agent says  
when they took my name  
off my hotel  
both crumbled
