

# tiny thoughts

*by* Kitty Boots

do you have a will?  
guardians for your cats?  
a tiller for your garden?

keeper for your koi?  
cataloguer for your artifacts (read: junk)  
someone skilled in caring for vintage clothing?

my baby cacti need special care  
they'll rot on the windowsill  
the Navajo rugs need to be rotated, rolled out of the sunlight

I have to keep thinking I'm vital
