## Things That Are Sad

## by Stacie Adams

- 1. 30-somethings with Never Ending Story tattoos.
- 2. Single dads.
- 3. Secretaries on their lunch break alone.
- 4. Bar clientele before 12 PM.
- 5. A lone baby shoe in the street (Like where did the baby go? Was she raptured? Did her foot suddenly explode?).
- Calling a number you used to know and finding that it's disconnected.
- 7. When a person tries to add to a conversation and no one hears them, so they sit quietly with their unstated opinion, looking slightly disappointed.
- 8. An abandoned blog.
- 9. Trampled-on flowers.
- 10. Realizing you've put off meeting up with a beloved friend or family member for a period of years.
