

# Ain't the End of Me

by Tim G. Young

Moonlight over my shoulder  
Brake lights in front of me  
Headlights glare on the other side  
And life won't let me be

Running down these broken lines  
I hear the highway roar  
While I'm stuck with these sounds  
Inside my head  
And just can't take no more

But even if the truth  
Never sets me free  
I'll know this ain't the end of me

Later when I drink my beer  
Step back to touch my face  
Feelin' like a merry-go-round  
Still standing in one place

The night flies by  
I ain't gonna cry  
But even when I wish I could  
The things you did  
Make me wonder why  
How I ever felt this good

But even if the truth  
Never sets me free  
I'll know this ain't the end of me
