

Potentially Naked Waitress

by Angela Kubinec

That a stripper's skill
set would be so readily transferrable
to waitressing was a bit of a shock

But the creamy salon toned
tan and the cutesy cock of her hip
as she explained to a table full of happy hour
golfers
what delicious items they could have
from this evening's menu

began to give her away

the better the flirt, the better the tip
as we all know regardless
of what side of the table
we have located ourselves

I felt sorry for her hair

She clung to the blonde bottle a little too long
but managed to keep the bounce and spin in her step
with legs that will only grow more tired

and eye contact that betrays no fear
only the hope of appropriately
generous compensation for her
energy and performance
