I texted a wickety-split, tax-declaring New York-based international escort, a moonlighting, all-pro Kit, whose day job on Wall Street yields no bonus. Is Christmas when bonuses are paid? At MadHat, work is not paid except to the attorney and member elites. I did not catch a steamer to Asheville, as Mina Loy seeking Arthur Cravan, after Conrad missed his New York performance, but I did ride to Georgia and find a stand of giraffes.
