

# Sin Curve

*by* Bill Yarrow

Sin? Nah. There's just kindness and hurt.  
The sun kills the grass. The wind hurts  
the leaves. The sea ravages the shore.  
But nothing in Nature goes to Hell.  
Neither is anything in Nature kind.  
Kindness and cruelty are human add ons.  
Everything eats everything else but only  
human beings make a big deal out of it.  
[*The volta cometh.*] Maybe you need  
to be a premie. Maybe you need to  
grow up in Westport. Maybe tutoring  
is in your future. Maybe debate.  
Maybe a wife, nasty, brutish, and  
short. You know, the life of Hobbes.
