

# Lose the Baggage

*by* Carl Santoro

when you are asleep, you are ASLEEP.

when you are dreaming, you're DREAMING.

NOT SLEEPING....another state.

one is sleep.  
one being  
in a dream, or  
dreaming.

and then  
there is consciousness.

I could be dead wrong.

I could be at a  
dead end.

But when all has  
been tried

the fourth state-  
eternal oblivion,  
yes-  
NOT ASLEEP  
NOT DREAMING  
NOT CONSCIOUS

THE ETERNAL OBLIVION STATE  
is  
well,

is

IS ALL AND EVERYTHING AND NOTHING.

but I could be dead wrong.
