

# gravelortian part 6

*by* Chad Smith

I walked back from the liquor store  
With a new bottle of bourbon in a brown paper sack  
Lady was sitting on the front step of her house  
She was crying and crying and crying  
I sat down next to her and began to cry  
I put my arm around her  
Tears and tears and tears flowed  
Why oh why oh why she asked  
Doesn't MTV play music videos anymore?  
I didn't have an answer
