

gravelortian part 6

by Chad Smith

I walked back from the liquor store
With a new bottle of bourbon in a brown paper sack
Lady was sitting on the front step of her house
She was crying and crying and crying
I sat down next to her and began to cry
I put my arm around her
Tears and tears and tears flowed
Why oh why oh why she asked
Doesn't MTV play music videos anymore?
I didn't have an answer
