

# Compartments

*by* Charlotte Hamrick

You once told me you were good  
at compartmentalizing.

Is that what you've  
done?

Put me in a  
compartment,  
slammed and bolted  
the door?

I'm curious,  
what's the nameplate on  
my door?

Fucked up?  
Expected Too Much?  
Not Worth It?

I have compartments too  
and one is yours,  
problem is I haven't  
bolted it yet - but I will.

Your nameplate will say  
Authorized Persons Only

to remind myself that  
I am not.
