

# WikiGreen (a semi-found poem)

*by* Elizabeth Kate Switaj

Green is the color of emeralds, jade, and growing  
grass. In the continuum  
of colors of visible light  
it is located between yellow and blue. Green is the color most  
Shades of green  
desire  
In the Category: Shades of green  
Green politics meet Eastern  
green mamba's medium  
to large arboreal venom
