

Across from Margaret Atwood's House

by evntho

Been running so long
You've been running so long
I bet you can't remember
What you're running from
 Said you wouldn't amount
They said you wouldn't amount to much
Oh how you used that crutch
 You say I don't mean it
When I say it's either me or the other guy
You say I'd still be lost in that bachelor
Across from Margaret Atwood's house
 What we mean we ain't sayin
And what we do gets cheaper
The more times it's said
 I stopped the drink and couldn't sleep
And when I could it was only filled with dreams that
Made me never want to sleep again
 You say I don't mean it
When I say it's either me or the other guy
You say I'd still be lost in that bachelor
Across from Margaret Atwood's house
