

# blanck (1?)

*by Félix Saparelli*

?

empty space  
not black  
not white  
not noise  
blanck

?

voices around  
still blanck  
blanck still  
around voices

?

an eternity  
passed me by  
voices again  
I can understand now  
«Head trauma.»  
«Vision centre.»

?

smell  
taste  
antiseptic  
metallic

?

soft cotton  
soft pillow  
soft blanket

?  
my eyes  
are wide open  
and i see  
nothing
