

# Bitter Bits

*by Gary Hardaway*

## **Wine and Cheese**

Decomposition- without it, polite  
little parties wouldn't be possible.

## **Perennial Resolution**

I aspire to become a minor  
poet- no dead line.

## **Speed Dial**

Entropy  
has my number.

## **In Praise of Bitter Bits**

Without the hops,  
beer would be too sweet.

## **Natural Selection**

We'd all be better off  
if the Neanderthals had won.
