

# C-ing History

*by Gary Hardaway*

Convene, conspire, contend,  
and conquer. Cull concubines.  
Consign the rest to corpses  
and contagion. Copulate.

Confabulate. Count and correlate.  
Command consensus  
and control commerce.  
Consolidate, commemorate.

Collude, contaminate.  
Corrupt, complacent.  
Circumscribe communication.  
Conjure calamity and calamity comes.

Collaborate with conquerors,  
contemptuous. Constrain  
complaints. Cooperate,  
co-opted, and collapse.
