

2 Good Hubcaps

by Jerry Ratch

I got 2 good hubcaps
I'm feeling kinda low
Instead of tooling down the highway
I been going really slow

Don't wanna lose another
I can't afford that now
Just passed my country store
And hit my cousin's cow

How come I still keep driving?
You've given me such pain
I'm driving in the morning
I'm driving in the rain

I got 2 good hubcaps
I'm feeling kinda low
Instead of tooling down the highway
I'm going really slow

I used to be a good man
How did it come to this?
I gotta pull on over
Get out and take a piss

Been drinking up a storm now
Been drinking me some brews
Ignoring your advice now
Ignoring all the news

But I still got 2 good hubcaps

Though I'm feeling kinda low
Was used to tooling down the highway
Now I'm going really slow

I got 2 good hubcaps
I thought it was enough
But you look down on me
And treat me kinda rough
