

BACK IN THE USSUSSUSSR

by Jerry Ratch

It was on the Fake News today, Oh boy
They built a bridge from Siberia to Alaska
Called the Bridge Over Troubled Waters
Instead of a wall

And Putin came riding bareback on a pink unicorn
Into the White House and renamed it
The White Horse, then built a Shirt Barn
Off the West Wing

And Trump flew on his helicopter to the Kremlin
And now we all belong to the Yuge country
Infamously known as the
USSUSSUSSR

You don't know
How lucky you are
Boys
Back in the USSUSSUSSR

Get back in the car, boys
Take out your nuclear toys
Don't try to make too much noise
To drown out the newsboys
