

# BACK IN THE USSUSSUSSR

*by* Jerry Ratch

It was on the Fake News today, Oh boy  
They built a bridge from Siberia to Alaska  
Called the Bridge Over Troubled Waters  
Instead of a wall

And Putin came riding bareback on a pink unicorn  
Into the White House and renamed it  
The White Horse, then built a Shirt Barn  
Off the West Wing

And Trump flew on his helicopter to the Kremlin  
And now we all belong to the Yuge country  
Infamously known as the  
USSUSSUSSR

You don't know  
How lucky you are  
Boys  
Back in the USSUSSUSSR

Get back in the car, boys  
Take out your nuclear toys  
Don't try to make too much noise  
To drown out the newsboys
