## BACK IN THE USSUSSUSSR

by Jerry Ratch

It was on the Fake News today, Oh boy They built a bridge from Siberia to Alaska Called the Bridge Over Troubled Waters Instead of a wall

And Putin came riding bareback on a pink unicorn Into the White House and renamed it The White Horse, then built a Shirt Barn Off the West Wing

And Trump flew on his helicopter to the Kremlin And now we all belong to the Yuge country Infamously known as the USSUSSUSSR

You don't know How lucky you are Boys Back in the USSUSSUSSR

Get back in the car, boys Take out your nuclear toys Don't try to make too much noise To drown out the newsboys
