

# Fast Food (with side of religion)

*by* Jerry Ratch

Man wolfing banana in his car on University Place  
Chinese girl walks by  
and his head follows her all the way  
until his head is twisted 180 degrees  
then he twists open a container of juice  
does 3 record-time Hail Mary's  
or signs of the cross, whatever  
in the rear-view mirror,  
slugs down the entire bottle of juice,  
and takes off in his car
