

Fast Food (with side of religion)

by Jerry Ratch

Man wolfing banana in his car on University Place
Chinese girl walks by
and his head follows her all the way
until his head is twisted 180 degrees
then he twists open a container of juice
does 3 record-time Hail Mary's
or signs of the cross, whatever
in the rear-view mirror,
slugs down the entire bottle of juice,
and takes off in his car
