

Guess I'm Finally Over You

- song

by Jerry Ratch

All this broken glass in the road
Tells the longest story I have ever told
Of how you lost your life and I my love
And how you still go wandering above

I don't know how I can return
To the planet where we used to thrive
Along this broken road of hope
Wondering how to survive

Do you remember what I
Told you our last time?
I guess I'm finally over you
Well that was just a lie

Yeah that was just a lie
My love, that was just a lie
I honesty thought I was gonna die
When you walked out the door

My love it does abound
Melting zebras on the ground
There is a crime wave now
On 34th and Vine

But never in my life
Did I think I'd find
The end of the world

Or the end of mankind

Do you remember what I
Told you our last time?
I guess I'm finally over you
Well that was just a lie

Yeah that was just a lie
My love, that was just a lie
I honesty thought I was gonna die
When you walked out the door

My love it does abound
Melting zebras on the ground
There is a crime wave now
On 34th and Vine

But never in my life
Did I think I'd find
The end of the world
Or the end of mankind
