

# Instructions for Assembly

*by* Jerry Ratch

Please be advised to have at least 2 persons to assemble this unit  
Although it could take close to a dozen  
Always include at least 2 kibitzers  
Another 2 or 3 standing around sipping vodka martinis  
Be sure to have enough olives to go around  
And be sure to hire 1 agent from IKEA just to be sure you have 1  
know-it-all in the crowd  
So that you will be sure to hear the heartening words  
“I told you so”
