

On the Country Roads Tonight: I Don't Care - song

by Jerry Ratch

Wheels are spinning
On the country roads tonight
I'm driving all alone
No one else in sight
And the wind's in my hair
And I don't care
Yeah, the wind's in my hair
And I don't care

Just a-rolling through the orange groves
With my windows rolled down
Summer blossoms smelling all around
I'm leaving my old life behind
With a cheap bottle of beer between my legs
I'm still drinking down the dregs

I was dumped by my lady back in Chi-town
So I'm free as a bird again
I'm free as a bird without a flight plan
Yeah, I'm on the road again
Without a whistle or a care
And I don't care

Wheels are spinning
On the country roads tonight
I'm driving all alone
No one else in sight

And the wind's in my hair
And I don't care
Yeah, the wind's in my hair
And I don't care
I don't care
