

The 27 Club

by Jerry Ratch

Jimi, Jim, and Janis

Kurt and Amy too

They died and gone to heaven

And fit inside a shoe

Room 114's where they lie

Their eyes wide open

They lie on their backs

But no one comes

To the one and only

One and only 27 Club

Kingdom Comes

Roll of drums

The Kingdom Comes

The roll of drums

I heard someone saying

I'm wide awake, honey-child

I'm wide awake as I can get

But don't you worry, he added

We have our own

Universe
