

# When I Was Young and Beautiful

*by* Jerry Ratch

I just picked up and  
went to Rome  
when I was young and beautiful

When I was young and beautiful  
I played with life  
like it didn't matter or exist

When I was young and beautiful  
I never failed  
Beach nudity  
Etc  
Didn't move me  
But did not end

When I was young and beautiful  
I played with life  
like it didn't matter
