

# Against Nothing

*by* Jill Chan

To be free of pain.  
Is that what we all want?  
Before anything else,  
to be free?  
And then suddenly,  
we love like love  
is a state of absence,  
then, a piece of something  
we hold  
against nothing.  
We praise it.  
We see it in each other.
