## There's a Panther in my Poodle

by Juhi Kalra

There are glasses in the sink from the water that I drink.

And the books in my li-brary are not dumb and ordinary.

There's a doggie at my door; did I go to the pet store?

There's a puppy on my couch-y who was happy, now she's grouchy.

Was a writer, now an author or an otter; no, an auteur.
