

Sexual Revolution

Sexual Revolution

In the mirror
it is the body she remembers
sexy as S and I and N
it is the fucking she remembers
full fledged
hot and bothered
screaming orgasms
S and I and N
that will never
come again

In the mirror
the body is constrained
now scared
there is no more
free love no more
S and I and N
free as the '60s
love revolution and
this is s and a and d
that reflects back
in her mirror

This body of love
that remembers
twisting hips
Amazon breasts
easy as S and I and N
into stray palms

The price paid
twofold in this new
world after the free
reign fledged orgasms
we remember changed
world condoms
AIDS all a sign of
the future that came
