

No Fat Chicks

by Laura McCollough Moss

I have to look closely to be sure
But they are there
Bold stickers on three sides of the truck's cab
Porcine cartoons
Cutely admonishing
No fat chicks!
I am enraged
Who does this guy think he is?
This contractor's helper who makes
All of fifteen bucks an hour
Jean shorts
Tall white socks
Discount sneakers
This fat chick is paying you, Asshole
I snort to myself
Yet I avoid him
And when the time comes
That I must speak to him
I can't meet his eyes.
