

Ghostriders and rainbows

by Lena Vanelslander

Ghostriders in the sy
and rainbows in my mind
or was it
rainbow in the sky
ghostriders in my mind?
I can't remember ...

And apparently this body is not 200 characters long, so I add some text so this pearl too can be read (ahum)

My body is only 170 characters long, sniff, I feel discriminated ...
Power to the shorty shorts!
