

Good Help Is Hard to Find

by Michael Gillan Maxwell

Some of them are notorious tweekers. Nobody epitomizes the cowboy-outlaw biker more than the ironworkers, who are wired on Black Beauties they sell on breaks.

Bulldozers rumble over loose red soil, kicking up dust and spewing acrid exhaust. Machinery clamors and clanks in pandemonium. Heavy metal blasts from a boom box with such fury that it overpowers the machine gun roar of jackhammers.

The ironworkers sing along at the top of their lungs as they climb the latticework, and Dave leans on his shovel, staring in disbelief at the pink slip in his hand.
