

# Billy Jack Plays Catcher in The Rye Across The Twilight Zone

*by* Misti Rainwater-Lites

I don't recall what he said before snoring.  
He said it in Spanish.  
Before saying it he tickled my back, per my request.  
Before tickling my back he fucked me good and proper  
even though I had said, "No! Leave me alone! Siesta! Forever!"  
I told him not to mark me but he did.  
He keeps marking me.  
It's been the longest thirty hours of my life.  
"Por vida," we say.  
I hope we aren't joking.
