

Edward Ogle the Fifth

by Peter Erich

Roaming beetles
knitting needles
chopstick counter attack.

Brickbat sentences
hurling appendages
lip syncing to Outkast.

Bouncing bombs
tight long-johns
try to make eye contact.

Meditative llama
feather boa prima donna
self-analyzing riot act.

Brain freeze sunbeam
swimming in vanilla bean
opposites attract.

Impromptu bathroom
a real potty tycoon
shitting in a top hat.

Try finding motivation
in your own starvation
you trickle down aristocrat.
