

# #26 Relation>Relation (A Poem)

## #26 Relation>Relation

Meaning to ask: What are you doing up here?

As in: Are you looking for something?

Something like: Answers to questions you might not yet have?

[Answers we will try hard not to provide]

Questions intricate and fragile: Glass keepsakes out their boxes  
on edges.

Edges: Razor sharp injection like expected?

Expected like: What are you seeing from up here?

[Not that we are painting pictures]

Can you see at all?: Altitude sickness.

Sick in the head: Or sick of it?

Blackout like: Vision coming in like

static residue?

[Delete the stations]

Angels as in:

The periphery?

Devils like in: The bones?

Echoes asking: What are you doing?

[So we wait for response:

Expecting none]
