

# Honey Gold

*by* Rene Foran

honey gold  
warming my cheek  
your light is gonna  
last me  
through the week

golden delicious  
sweet autumn kisses  
taste so nice  
mixin' the sugar  
with the spice

sunshine  
workin' those rays  
you keep me smilin'  
when the sky  
turns grey

and when the night falls  
you'll hear your name called  
see you soon  
i'll brag about you  
to the moon
