

# s'mores

*by* Rene Foran

you  
bring  
the wood  
and i'll light  
the campfire, blowing  
the coals til the fire rises  
    hot,  
full  
focused,  
hypnotic  
a sword trained on point  
urgent breaths drawn then swallowed whole  
    i  
hear  
jungle  
drum rhythms  
*sex* and *death* and *sex*  
and *death* and *sex* and *death* and *sex*
