

# What I wanted 1976

*by* Rene Foran

i wanted someone  
to love my way  
everyday  
and that helpful fireflies  
would cast a spell  
turning my  
Dorothy Hamill  
into golden shadow  
growing so long  
before my eyes  
flowing  
into dynamic,  
iconic, stratospheric  
angelic  
wings the kind you needed  
to be wanted
