

What I wanted in 1981

by Rene Foran

i had given it away
in a firesale
to the lowest bidder
with eyes come hither
a good idea at the time
but that was just the
miller lite doin' the talkin'
it was ok
but not great
and two thirds less thrilling
plus i stained his hockey sheets
right over the red wings
funny at the time
but five minutes later
i wanted to take it
the fuck
back
