

You Never Knew

by sara t.

You never knew

How to express
What you didn't know
You felt

With your words
You picked on
You taunted
You destroyed

Did it help
To feel yourself
Did it work
To disparage

Those who were
Innocent and young
Blameless
For living

What your words
Didn't kill
Your fists
Drew blood

When you cried
Alone in the end
Did anyone hear
You and your
Pain and suffering

Did you connect

One to the other
Or did you
Until your last

Blame
Denigrate
Stay blind
To yourself
