

# Skull and Bones

by Smiley McGrouchpants, Jr-Esq-III

"Okay, so I'm lying naked in this coffin with my big dick out," George W. Bush says.

"Yes!"

"And you're all naked, and you've all *pissed* on me . . . "

"Yes!"

"And now you want me to jerk off and talk about my *sex* life . . . ?"

"Yes, just tell us about every woman you've ever had!"

"Why . . . ?"

"Well, we want to lock in the energies so your *loyalty's* insured past the subconscious level and no women *ever* break the circle!"

**THE END**
