

Wacky at Work.

by Smiley McGrouchpants, Jr-Esq-III

Jon's a *fag*, and goes around *lisp*ing, and saying the same thing over and over: "My wife traded me in for a younger *model* ... my *wife* traded me in for a younger *mod*— "

Nathan's a big, hulking guy, who gets angry very *easily*: "Why don't you *talk*??" he says, neglecting that he's talking *himself*, and ripping a magazine to shreds, the way people do bar napkins — you know what I mean! #nervousENERGY

"Why not talk to *Susan* ... ??" She says the name "Nathan," a lot.

"Oh — *her*," he says, dropping the magazine, and becoming despondent.

"I can't get hard for her.

"She doesn't look like *Xena: Warrior Princess!*"

The End
