

marc bolan

by Tim Young

listen to marc bolan

keep the mind rolling

marc bolan

mind rolling

going into space

space into place

a fast pace

race

pick up my ears

play them

pass the years

play them

pass the pipe

cross my legs

i can't stand

here comes the man

dance in my grave

i can't behave

cross your fingers

in your dream

light your light

fight your fight

dance on stage

wreck the cage

turn the fucking page

All right.
